

Chemical laboratory technician / CTA

HPC Standards GmbH is a globally operating and constantly growing company based in Cunnersdorf near Leipzig. Our main field of activity is the production of high-purity reference substances for residue analysis.

We are looking for a chemical laboratory technician, CTA or comparable qualification (m/f/d) to support us in the filling of ultrapure substances as soon as possible.

Your tasks:

- Laboratory work in the area of filling ultra-pure substances
- Maintaining the stock of reference materials

Your requirements:

- Completed training as a chemical laboratory technician, CTA or comparable qualification (m/f/d)
- Ideally professional experience in instrumental food and environmental analysis
- Careful, clean and structured way of working as well as reliability and ability to work in a team

What can you expect?

- a young, international team with flat hierarchies in a modern and secure workplace
Ideally professional experience in instrumental food and environmental analysis
- flexible working hours
- company pension scheme
- annual company events
- job bike

Have we piqued your interest? Then send us your complete application documents by e-mail, stating your salary expectations and your earliest possible starting date, to hr@hpc-standards.com.
